Meet the Academy Cube.

Job platforms can search and find. Or can they do more? What if one could increase the quality and accuracy of your results? What if one had an intelligent **matching system** that points out what qualifications you are missing, offers you the appropriate trainings to get them, and then puts you in touch with the top companies?

The Academy Cube is the only platform that **combines e-learning with the job hunt**. It has been developed by leading European companies to strengthen tomorrow's workforce and to open the door to new opportunities in the international labor market for motivated talents like you. The Academy Cube connects **students, graduates and professionals** with companies and it could pave **the way to your dream job**.

“The Academy Cube increased my self-confidence as well as my performance in job interviews.”

Jaime Moreno Díaz, Madrid, Spain

Ensure Your Success

Jaime Moreno Díaz from Spain was one of the first grads to sign up for the Academy Cube. He studied Environmental Sciences at the Autonomous University of Madrid and gained experience through internships in Germany and the UK. After his studies, he was looking for a challenging position in the IT industry.

Jaime completed a 6-part Academy Cube training program in the areas of “Enterprise Resource Planning (ERP)” and “SAP ERP Business Processes”. After completing the program, he received the certificates and was able to demonstrate what he gained from the trainings. He established new contacts with global companies and applied for jobs on the Academy Cube - with success! Now Jaime is working at SAP in Madrid.
